# Project: Book Recommendation

Learning to read is hard and takes years of practice. It's even more challenging to practice reading when students don't get any choice on what they can read. At Lakeview, we have a library with a variety of books. We also got lots of new books, and that means we get to have more reading options (Yay!)

Challenge: Kids need books they like to help motivate them to read. Choose a book for a specific audience and create a poster to persuade them to read it!

**Part 2: Poster:** Design a poster on Canva that tries to persuade others to read your chosen book.

Components

- [ ] Student name
- [ ] Title & author of book
- [ ] Book review
  - Plot
  - Recommendation (describe why with details, can use points from proposal)
  - State the audience (is it for)
- [ ] Image of book
- [ ] Book tags
- [ ] Other: what else could you include to make the poster persuasive?

- [ ] Visually appealing (colours, fonts, images, effects, layout etc)
- [ ] Intended audience is clear
